BRAND MANAGEMENT * GRAPHIC DESIGN * WEB DESIGN * WEB DEVELOPMENT * CMS MANAGEMENT

My goal is usability, efficiency, and a clean, modern design that satiates the palette of today, yet ready to transition with ease into the world of tomorrow.

Education

1987-1991 Fairview Elementary School

1992-1995 A.G. Bell Middle School

1996-2000 Muskego High School
High School Diploma

2000-2002 Gateway Technical Collage
Studied Graphic Design

Work Experience

1998-2002 Muskego School District Tech Coordinator
Managed the purchase, installation and tech support for district-wide computers and technology. Oversaw production for local television station providing local news and events to the community. Designed and developed the first district website.

1998-2000 Milwaukee PC
Assisted in computer manufacturing, boxing, receiving and service. Took customer orders for whole computers or computer parts on the sales floor. Received customer computers for repair.

2002-2009 Payless Car Rental Systems
Designed and maintained front end website, customer service and reservation system. Created an automated monthly special system to deploy marketing promotions via custom CMS. Developed a world-wide customer service ticket portal which handled customer service inquiries for all company franchisees and corporate employees. Created an app to display monthly contests, collect entries and automatically choose and notify winners of their prizes. Designed posters hang-tags, brochures, location pocketbooks, and other printed materials used in locations and airports.
